Profile

Having just finished my BTS in Cybersecurity, I'm currently seeking a 12 month work-study placement (alternance) in IT security.

Rigorous, personable and curious, I would like to put my technical skills to work in a demanding operational environment.

Languages

- **Luxembourgish** Native
- **Portuguese** Native
- **French** C1
- **English** C1
- **German** C1
- **Spanish** B1

Skills

IT Security & Networks

- IT systems security
- Incident and log analysis
- Network interactions L1 / L2 / L3
- Application testing and pre-production testing

Systems & Tools

- Linux (administration, command line)
- Python
- Web Development (HTML / CSS / JS)
- Microsoft 365
- Interest and basics in governance and compliance

Professional Experience

Company Internship

NTT DATA Luxembourg Mars - Juin 2026
Internship to complete BTS studies.
Internship topic: Phishing and cybersecurity awareness

Language Tutoring

Primus S.à.r.l., Luxembourg 2023 - 2025
Supporting students in language and literature subjects.
This helped me develop rigor in making "complicated" content understandable to different profiles.

Professional Qualities

- Autonomous and rigorous
- Critical thinking and problem-solving mindset
- Excellent interpersonal skills, team player
- Adaptable in dynamic, demanding environments
- Calm and methodical when handling complications
